BENGALURU

OUR STORY

Three decades of turning paper board into packaging people *love to pick up.*

Swachh Packaging is a family business of printers and packers. We began in Indore in 1994 and have printed in Bengaluru since 2017, making mono cartons for agarbatti, FMCG, pharma, apparel, electronics, retail and food brands.

Every job is designed, proofed, printed, finished and folded in-house — so what you approve is what reaches your shelf, on time.
